PROGRAMME

NEXT MEETING

The next Meeting will be held at the MASON'S ARMS, 38 Maddox Street, London, W.1. on Monday 2nd January 1967 at 7.30 p.m.

LAST MEETING

The entire evening was given over to a showing of the film SEPPUKU or as it is called in England, as a concession to the Western public, HARA KIRI. This film is pretty strong meat for the average film goer, but is much appreciated by the enthusiast. We had a good gathering supplemented by a number of very welcome guests, whom we trust enjoyed themselves as much as the members. Although the film was shown on a small screen it was a good copy and proved very effective.

APOLOGY

For the late publication of this Programme and for the lack of Sword and Armour Glossary. We can only plead Christmas rush and post Christmas Hangover, and promise a full Programme next month.
